DEDICATED TO . . .

Mr. Douglas Harville

A decade has passed since your first days as a teacher and leader here at Fremont. Throughout each of those ten years you have left, in one way or another, something to help glorify Fremont High. From your beginning days at Fremont, with its student body of less than a thousand, until now, with over two thousand, you have proven your willingness to work for the betterment of others . . . You have shown us determination and loyalty in any one of your many endeavors . . . You have produced, in our Music Department, bands that have been worthy of winning numerous awards . . . You have given us uncounted hours of valuable help in musicals, plays, assemblies, and concerts . . . Your stern discipline has led us to perfection, and your friendly disposition and pride in your work have all helped gain for you the never ending respect and admiration of teachers, students and alumnae. Perhaps only a few realize the true guidance that you brought, along with your subtle humor, to Fremont ten years ago, but, as you are so dedicated to Fremont High School, we the students are, too, indebted to you for your wonderful contributions. We proudly dedicate to you, Mr. Douglas Harville, this Pathfinder of Nineteen-Hundred and Sixty-two.

Superintendent

This Is a Year of Progress

We give thanks for added facilities at Fremont, construction of Homestead High, to open this fall; and new instruction wings for Sunnyvale and Cupertino High Schools, still in the planning stage. To match these physical changes, our curriculum is being revised and upgraded and new teaching methods have been installed. All this has been made possible because citizens believed in their schools and wanted the best for you students. Their support in a bond election led to the progress you see around you every day. Be worthy of it!

ADMINISTRATION

A person who does not believe in anything will never achieve excellence. In what do you believe? How ardently do you believe? Are you aimless or have you allowed your minds and wills to be captured with a sense of purposefulness and a wanting to realize the best that is in you? Our country needs you young people desperately. There is a great challenge here for young men and women of intelligence, imagination and courage. How will you rise to this challenge? If you believe in a free society, be worthy of a free society. If you believe in a free society, are you concerned for the individual in that society? For every good person strengthens society.

May this yearbook be a reminder of the goals you have achieved, the good times you have had, the friendships you have made, and may it be a harbinger of good days ahead.

My congratulations to Mr. Harville who is most deserving of the honor you have bestowed upon him.

SENIOR FAREWELL

As we, the graduating class of 1962, read this, it is only natural that, with mixed emotions, we begin looking back upon four of the most important years of our lives. There are feelings of happiness and of sadness as we recall the many incidents which made up our four years in high school.

Each year brought us new, and more important responsibilties; but, along with these new responsibilities came more and more privileges—privileges which symbolized our growth in character, our maturity.

We won the applause of upper and lower-classmen alike with our Frosh Assembly. In our Sophomore year the thirties and varsity football squads brought to Fremont two district championships, and the Soph Hop had the entire school involved in one of the best patronized dances of the year.

In 1960 we took our place among the upperclassmen, something we had looked foreward to for two long years. As Juniors, our class and school spirit reached a thundering crescendo as we walked off with the Spirit Trophy.

Finally, not really knowing whether to be happy or sad, we became Seniors. We put on the Senior Play, which proved to be a success. Christmas Vacation came and went all too quickly, and then, back to work. At this time, in spite of several minor catastrophies, the Senior Assembly was presented to the upper-classmen.

As the year drew to a close, many of the most important Senior activities occurred. We will always remember the Senior Banquet, the Senior Ball, and the fun we had on Senior Sneak Day; but most important, we will remember our graduation. This was the goal toward which we had worked for four years, and these years have helped prepare us for a lifetime.

Our Junior year seems to have flown by with unbelievable speed. It has been a year filled with work and activities.

We presented the annual Junior Prom and enterained the student body with our Junior Assembly. Both of them were highly successful. Now as the year nears its end, we, the Junior Class, look forward to next year when we will become Seniors.

The class of '64 has been quite active this year in both school and class affairs. Starting the year by winning both the UNICEF and School Spirit Awards, the class proceeded to help in many school functions. Concerning Sophomore entertaining, the council made a successful attempt to vary activities for all interests. Many new and interesting ideas were used, including a skating party which was fun for all. A Sophomore newspaper published bi-weekly kept the class informed about Sophomore activities and government.

FRESHMAN CLASS

RICHARD HART

LORAIN STAMES
Treasurer

This year's Freshman Class seemed to overcome one of the main problems faced by all Freshmen: the "Freshman Jitters." Many Freshmen took an active part in sports, drama, school politics, music, and other activities. There is a lot of talent in the graduating class of 1965, and we expect to hear more about them in the coming years.

Fall

Dear Student Body:

My name is Ingrid and I am your foreign exchange student from Sweden. First, I would like to thank you all so very much for this year here at Fremont. You have really made it a year I shall always remember. I am especially impressed by the friendliness of the students. The most interesting thing about attending Fremont is that almost everything has been different from what I have previously known.

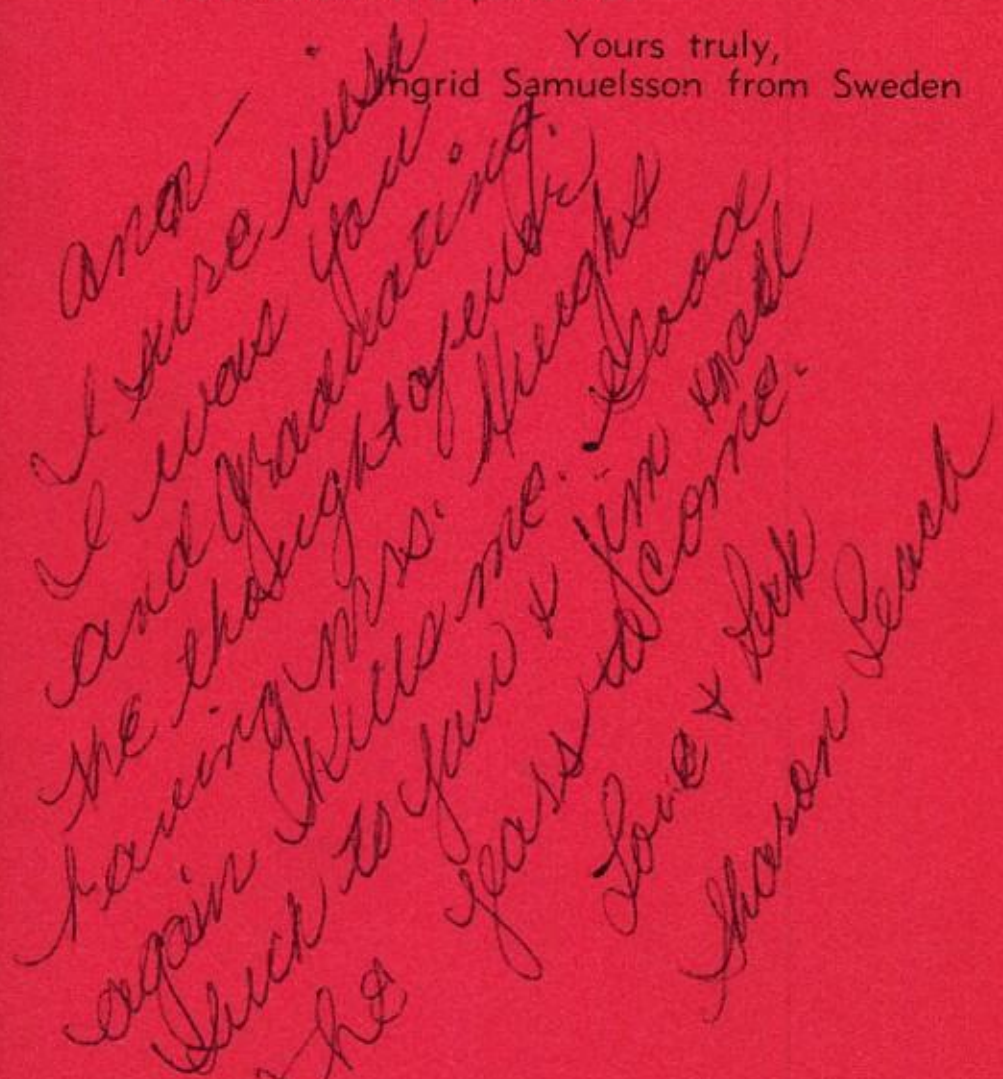
One of the differences I can mention is, that we do not have free Saturdays in Sweden. (A thing I will not like when I get back). We have to study about fourteen subjects, and we have a different schedule every day.

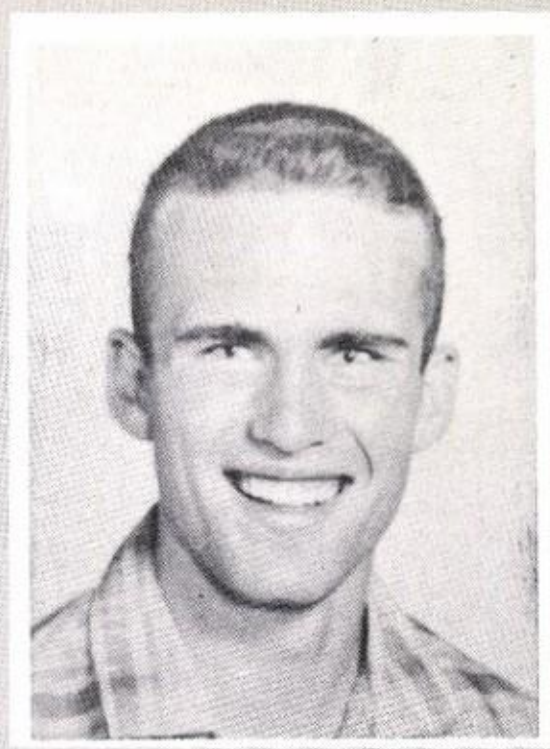
I live in the southern part of Sweden. My home is situated in the country, but I attend a high school in a town about fifteen miles away.

It is not only at school that I have learned a lot of things this year. I have also learned a lot together with my family, for example, how to water ski. I enjoyed that very much.

Yes, my year here in California has been full of excitements. I really recommend all sophomores to try out for foreign exchange student. It is a wonderful experience!

Yours truly,
Ingrid Samuelsson from Sweden





Students of Fremont:

First of all I would like to thank all of those who made it possible for me to be a foreign exchange student from Fremont High School. During the months of June, July, and August in 1961, I was extremely fortunate in being able to live with a family in the country of Germany. I would like to share with you my experiences and the things I learned.

Germany has a very old heritage. It was strange to come from a country where a building of ten or more years is considered old and go to Germany and travel on roads that had been built at the time of the American Revolution. It was awesome to go into a church that had been standing for three hundred years before Columbus discovered the New World.

Germany is a country divided from itself by armed guards and barbed-wire. This is ever in their minds. Not only do they seek for the reunification of Germany, but they also seek for a unification of Europe as a roadblock to Communism. They think very highly of the United States and the way in which we helped them get on their feet after the fall of the Third Reich. West Germany is now the strongest economical nation in Western Europe. Unemployment is practically nonexistent.

While much of the nation is quite "Americanized," the people still follow many fine old customs. The German family is a very close-knit unit —more so than the average U.S. family. Courtesy is very important to them. They have much appreciation for the fine arts and a culture which has been developing and changing for centuries.

The people I met were very friendly, and I couldn't have stayed with a nicer family. The friendships which developed are a very important part of my experience. I gained things, too, of a more subtle nature, such as a greater appreciation for different viewpoints, a more acute awareness of beauty, and a greater appreciation of this country, the United States of America. All in all, the trip is something I will cherish and remember always.

This Year's Big Red Machine, rated nowhere in preseason polls, finished in third place in the NSCVAL. The Redmen came on strong to lose by only a touchdown to undefeated Los Altos and only a point to highly-rated Camden. On the winning side, the tribe massacred three teams rated within a touchdown of them.

There were standouts, as always. John Travis was the big power in the Indian backfield and made shambles of opponents, defenses. Being awarded "outstanding back" in the NSCVAL after being outstanding lineman last year, John reigned over the tribe this year. Mark Williams, the smallest guard in the league, was also chosen to the NSCVAL all-league team.

Despite concluding the season on a losing note, this year's varsity has much to be proud of. They upheld the traditions of Fremont High in a manner befitting the mighty warriors they are.

The Varsity Water Polo team finished in second place in the league this year with a 4-2 record. Championship hopes were foiled in the first game when the eventual champion, Los Altos, came on in the third quarter to defeat Fremont 12-8. Next the team beat a determined Santa Clara team 8-7 and Sunnyvale 5-3 before being upset by Los Gatos 7-8. After this defeat a new offense introduced by Coach Wilk paved the way for two very impressive wins over Awalt and Cupertino, by scores of 13-5 and 13-7 respectively.

I wish you all
I will. I wish you all
the luck in the world and
hope that you succeed in
I know. Be good.
Pat

Ann-

You are such a
marvelous person - I know
it all sounds the same
but I really mean it!
I don't know what I
would have done this year without
you. We have had so much fun
this year. So many good laughs in
P. E., Shorthand, S. O. P., and Bus. Math. (Ugh)
Although we are graduating I'll
never forget the one who did
my math homework for me. HA

I hope you will always be
happy - and will find life
complete for you always. I hope
you and Jim will be happy too!

You're real sweet - and Best wishes
and good luck to you always!

Love,
Ilene

P. S. I hope to see you this summer.

Ann,
I'm glad
we've become
friends this year.
I hope this
year for both
of us, will be
a great year!
Love Steve

Ann,
It has been a
pleasure sharing

Have fun this summer.
Linda Wallace

Ann,
Sis - really knowing
you has been a
pleasure. I'll always
remember P.E. won't we?
The very best of luck
always.

Dear Ann:
"Mrs Logan"

I to am glad that you moved here. From the first day you came into my U.S. History class I know you had to be mine. At first you didn't like me, and you even said I was a liar or something like that because I said my name was James Logan and just came from James Logan High. But at the beach party that all changed and from then on you were mine. And you and you alone made my Senior year one I will always remember.

Love
Always
Your "Baby"
Jim

P.S. I am sorry I wrote so crooked. "ok"

- Ann -
You have
been a dear
sweet friend to me
everince you first came
to Fremont. I hope you
and Jim have a nice summer
and I hope that all your present
problems soon become forgotten.
Love always,

Ann,
There is not much room
so I'll just say
been a real joy knowing
you. We had fun together
I wish we could have
doubled more often
Best of luck to you
and Jim. You're
are a wonderful
